WHAT YOUR PEERS HAVE GAINED

TRAIN's ACCESS consulting was full of great content and excellent presentation, even better than we had hoped! They did a really good job of generating enthusiasm for missions for our leadership and our whole church. We continue to discuss, unpack and lay out the strategic building blocks they helped us envision.

BOULEVARD CHRISTIAN CHURCH

ACCESS consulting has gone beyond my expectations. Such helpful information with freedom to adjust and fit our needs where we are as a church. With the trainers having been on the field themselves, serving on teams coaching global workers, and working in church contexts, it felt like they could speak so directly with wisdom for where we find ourselves and where we want to go.

PLAINFIELD CHRISTIAN CHURCH

"I want every missions team at every church to attend a training like this."

"Our short term trips program has never been healthier. Insight from TRAIN helped us connect our trips with our vision and cement the impact for all who take part."

"Although we were doing more than nothing to keep our missionaries healthy, we now have clear and robust plans and teams to support them well. I don't know that we would have found our way had we not had TRAIN guiding us."

"TRAIN is helping our missions committee serve and send effectively."

"You could actually say that our mission committee was stuck in their old ways for 25 to 30 years. ACCESS helped breathe new life into our group and approach."

ACCESS CONSULTING MODULES

VISION & STRATEGY

Foundational for all other modules, in this journey you will invest in refining, defining, and developing your cross-cultural vision and strategy. The Church has 3,000 times the finances and 9,000 times the personnel needed to complete the Great Commission.

Whether your missions program is longstanding, getting started, or in between, you will explore what God has uniquely positioned your church to do, and craft actionable plans which align with that vision.

7 of 10 global workers who return "home" prematurely leave for preventable reasons. In this module, you will engineer missionary care structures and strategies to promote flourishing workers and prevent premature departures. Architect proactive, intentional care teams that help sustain your people over the long haul.

CARING FOR GLOBAL WORKERS

TRAIN
ACCESS

CHOOSE YOUR
JOURNEY

ACCESS CONSULTING MODULES

Short-term missions draw 2 million participants each year from the US alone, and 84% of long-term missionaries served on a short-term trip. These trips can range from deeply formative to discouragingly fruitless. Through this module, you will engineer and construct effective short-term trips that align with your strategy, and craft a plan to steward the "before, during, and after."

SHORT TERM
TRIPS

ENGAGING
INTERNATIONALS

Over 40% of the world's Heads of State studied in the US, yet 80% of international students, refugees, and other immigrants never set foot in an American home. Many churches are eager to change the story, but struggle with where to begin. In this module, learn fresh ways to mobilize and inspire your people to engage and befriend internationals God has brought to your backyard.

TRAIN | ASSEMBLE **ACCESS | YOUR TEAM**

Clarity and transformation in your church begin by assembling those crucial to the conversation.

We encourage you to bring to the table a representation of your elders, staff, and missions team.

Invite people who are currently or potentially connected with your missions efforts to become mobilizers toward greater congregational involvement.

PREPARE FOR THE PROCESS

1 - REGISTER

You explore which modules and consultation length fit you best and sign up, providing multiple workable dates within the next six months.

3 - CONFIRM

We present and confirm the dates, team, and focus points with your key contact(s), send the invoice, and make travel arrangements.

5 - AFTER ACTION REVIEW

You offer evaluative feedback and areas you hope for additional input and guidance.

7 - ITERATE

You provide guidance whether another consulting journey would be a win in another module. If so, we dive into a new iteration of next-level growth.

2 - BEFORE ACTION REVIEW

We weigh what you've shared, configure an ideal consulting team, schedule a Zoom consultation with your key people. then customize content to your specific needs and desired outcomes.

4 - ONSITE

We bring our A-game to catalyze your missions vision and strategy, and can deliver a missions-themed sermon. By the conclusion of our time, you are identifying and sequencing next steps.

6 - FOLLOW UP

We follow up with your key contact(s) and offer coaching for the following six months as needed to help you steer the course you've begun charting.

Involve

Assemble those involved in the missions efforts of your church to accelerate discovery in your journey towards understanding and clarity.

Interact

Shape both your discovery and your trajectory through inspiring, thought-provoking biblical content focused on global opportunities and challenges.

Investigate

Explore what's possible in your church's missions DNA: potential focus areas and strategic undertakings for global impact.

Inquire

Consider your past experience, inquire of the Lord for guidance and insight, and configure your big Yes'es and the No's you will need to protect them.

Implement

Identify action steps to move these plans forward and build them into reality. A new iteration of your vision and strategy to impact the nations is in motion!
